**References/Testimonials:**

"As an owner of Patriot's Pub in St. Charles, MN I wanted to post a comment regarding Corey's performance. Corey has a great blend of music that he plays and everything he played was spot on. Not only does he do a great job of singing, but also story telling along the way and keeping the audience involved in his show. Corey also played a number of original songs that truly take his performance to another level. I would highly recommend Corey for any type of performance and we look forward to having him play again at the Pub. My only fear in giving too high of a recommendation is that he will be too busy to see us back in St. Charles!" - Lance Small - Owner of Patriots Pub, St. Charles, MN

"Corey makes you feel like you've been friends for years as he shares stories and sings songs from an extensive playlist that covers various artists and his own compositions." — Sarah Severson , La Crescent Applefest

"Musically, he makes you want to raise a beer and toast yourself for making it this far."  
Jamison Lee - Jamison Lee Notes Music

"[Corey's debut album]Never Too Late is a kind of 'every man' record for the hard-working Joes who know that all you need to enjoy life is a good beer and the love of a good woman. Great words to live by. The album is also touching for its sincerity because of Corey's ability to make the listener comfortable, whether it be from his asides or his laid back nature." - Felicia Ceballos-Marroquin - RecordSpeak

"Wow! Is this rock, alternative, country, blues, americana? I think a little bit of each. Great vocals remind me of someone but I can't wrap my mind around it. Down home nostalgic alt/country flavored rock n roll." - Bucky, Bandcamp Fan Review
